

SAN ANTONIO COLLEGE

2020 DISTINGUISHED GRADUATES

Priscilla Rios

Dental Assisting

“Don’t let yesterday take up too much of today.”

-Will Rogers

Priscilla Rios was born and raised in San Antonio, Texas, and from a very young age, strived to master anything she put her mind to. She returned to pursuing an education in 2018, six years after graduating from high school.

Priscilla has always been intrigued by the dental field and decided to pursue a career in it. She started as a front desk receptionist in a local dental office and will be graduating in May of 2020 with a registered dental assistant certificate from San Antonio College. When Priscilla is not studying or working, she spends her time with her two kids and family. Her family plays an essential role in keeping her positive and motivated throughout her journey.

After graduation, Priscilla will continue to earn an Associate Degree in Dental Assisting and aspires to pursue a career as a dentist.
