Kendyll Frizzell

Visual Arts

“Success is stumbling from failure to failure with no loss of enthusiasm.”

-Winston Churchill

Kendyll Frizzell is a 31-year-old art major. She enjoys painting and film photography and has been creating digital art for 17 years. She has been on the President’s list numerous times, received an internship at Artpace, earned the James C. Elmore II Memorial Art Scholarship, and has a 3.94 GPA. She plans to transfer to Texas State University to earn a bachelor of arts, and would like to continue her education to earn a master’s degree.

She hopes to become an art therapist to teach other people how to better communicate; she believes the world could use a bit more kindness. Leading with kindness and being unafraid of failure has been two of the most important themes in her educational career. She is blessed to have the best husband and family she could ask for, without them none of her achievements would have been possible.
