

2021 DISTINGUISHED GRADUATES

SAN ANTONIO COLLEGE

Gianni Gomez

Computer Programming

“Courage is the only virtue you cannot fake.”

-Nassim Nicholas Taleb

Gianni Gomez is a computer programming student who was born and raised in San Antonio.

He could often be found in the library at San Antonio College or with his fellow members of the Cyber Club. Gianni is the secretary of the CompTIA San Antonio College Chapter Cyber Club. He competed with a team at Collegiate Cyber Defense Competition, where he learned about valuable teamwork and time management skills through capture the flag events.

Gianni has appeared on the President’s List multiple times and has picked up Linux and Security Pro certifications from TestOut, a leader in online labs for academia and IT professionals. He plans to pursue a bachelor’s degree in computer science.
