Joshua Ermis

RADIO TV BROADCASTING

“Ability is what you’re capable of doing. Motivation determines what you do. Attitude determines how well you do it.”

Joshua Ermis was born in San Antonio, Texas. He has lived in the Falls City/Hobson area his whole life. He was always interested in the world of sports and professional wrestling and grew up wanting to be the next great athlete. Unfortunately, he was born with a congenital heart defect known as tetralogy of Fallot.

While this has made him unable to play sports, it has not stopped him from pursuing a role in the sports and wrestling world. He even got the opportunity to attend WrestleMania via the Make-AWish Foundation. With his condition in mind, he decided to pursue a career in sportscasting.

For him, the best option was to start at San Antonio College in the Radio Television Broadcasting Program. Here he learned how to write scripts, create elaborate video productions, produce radio content, and put together a music festival. But the most important thing he did was join the college radio station, KSYM 90.1 FM, as the exclusive radio news anchor. He scripted and produced newscasts daily as well as a series of long form news stories in the fall of 2021. He thanks SAC for the push he needed into the sports world.
