## Markisha Beacham

ADMINISTRATIVE ASSISTANT

*“Most the time, when it rain it start pouring’  
But how we grind, it make the weather  
change for us”*

–Nipsey Hussle

Born and raised in Dallas, Texas, Markisha always hungered for knowledge. She became a mother during her first year of high school, graduating with the support of her family. She attempted college twice, but did not perform well due to financial struggles. She stopped pursuing her education to become more financially stable.

She obtained an office assistant skills certificate from the College of Southern Nevada in 2019. Shortly after, she moved to San Antonio and enrolled at San Antonio College to earn an A.A.S. for Administrative Assistant. She consistently pursued her educational goal, stayed dedicated, worked hard, and believed in her ability to achieve her goal. Once a college dropout, she became a SAC honors graduate with a 3.8 GPA.

She is now an active member of the Student Leadership Institute and Phi Theta Kappa – Beta Nu Honor Society. She will continue studying at SAC to obtain an Accounting Technician Certificate.
