## Michael Terrazas

### HISTORY

*“Only those who will risk going too far will possibly know how far one can go.”*

- T.S. Eliot

Michael Terrazas was born and raised in San Antonio. A graduate of Business Careers High School, Michael found his passion for building and repairing computers. For years he managed retail stores such as Circuit City, Best Buy, Altex, and Office Depot. Finally, he decided to dedicate his life to public service and civic engagement.

Lacking the credentials, Michael decided to return to college and complete his degree. Michael is a member of Phi Theta Kappa Honor Society and the President's List and maintains a 3.93 GPA. He plans to finish his undergraduate degree at Texas A&M University San Antonio, upon which he will immediately begin working on his graduate degree. Michael is determined to enter an administrative role in the education system so that he may institute technological advancements in antiquated classrooms. He aspires to one day be a superintendent and eventually an entrepreneur.

Michael believes a healthy mind, body, and spirit is paramount to success. Currently, he is an IT Specialist for San Antonio ISD. In his free time, he enjoys playing guitar, running at the park, and investing in securities. He hopes to embody vision, courageousness, and integrity, the hallmarks of a great leader.
