## Accessing Alamo_Guest - Windows 7
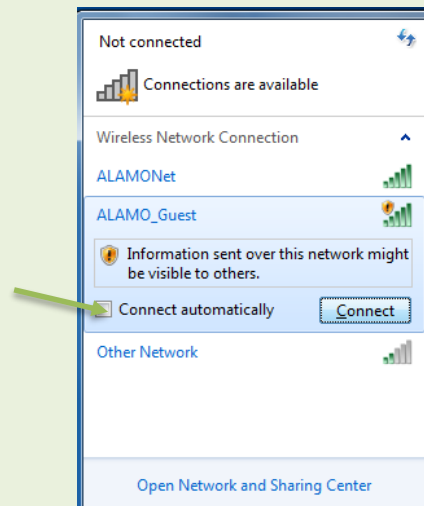

1. Click the wireless icon on your taskbar (normally located on the right side of your taskbar)	
2. Click on **Alamo_Guest.**	
3. Click **Connect** If you plan to use this wireless network in the future, check the **Connect automatically** box.	

If you need technical assistance, please call the NLC helpdesk at 210 486-5777 or e-mail at nlc-helpdesk@alamo.edu.

4. When asked to select a location, choose **Public.**

Home network
If all the computers on this network are at your home, and you recognize them, this is a trusted home network. Don't choose this for public places such as coffee shops or airports.

Work network
If all the computers on this network are at your workplace, and you recognize them, this is a trusted work network. Don't choose this for public places such as coffee shops or airports.

Public network
If you don't recognize all the computers on the network (for example, you're in a coffee shop or airport, or you have mobile broadband), this is a public network and is not trusted.

5. Click **Close** in the location confirmation page.
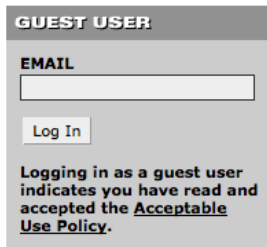

The network location is now Public

Network name:	**ALAMO_Guest**
Location type:	**Public**

To help protect your computer on Public networks, discovery of other computers and devices on the network will be limited, and the use of the network by some programs might be restricted.
