INTRODUCTION

The San Antonio College Fact Book provides general statistical information about the College which may be useful to those engaged in planning, preparing reports, writing grant proposals, or other endeavors within the College.

It is important for the reader to be aware that data presented in this publication may differ slightly from statistics found in other College and District reports. Such variances may result from differences in the source of information used, the date on which the report was generated, or the reporting period included in the report. For these reasons, the source of the information in each table and graph is cited. Trends should be tracked using identical sources each semester.

COLLEGE PROFILE

HISTORY

San Antonio College was established as University Junior College in September 1925, under the auspices of the University of Texas. The following year control of the college was transferred to the San Antonio Independent School District and the name was changed to San Antonio Junior College. Following passage of state legislation authorizing junior college districts, the San Antonio Union Junior College District was formed in 1945 and in 1946 assumed control of San Antonio Junior College and its sister college, St. Philip's Junior College. In 1948, San Antonio Junior College's name was changed to San Antonio College, and in 1951, the college was moved to its present location on San Pedro Avenue. Five hundred students were enrolled at that time. The Southern Association of Colleges and Schools granted accreditation to the college in 1955.

In the late 1960s San Antonio College became a comprehensive community college by expanding offerings in occupational and technical courses and by assuming the San Antonio Independent School District's continuing education program. The name of the college district was changed to San Antonio Community College District in 1978 and in 1982 the district was renamed the Alamo Community College District.

In support of the mission of the Alamo Community College District, San Antonio College responds to Bexar County's diverse community by providing high quality general education, liberal arts and sciences, career education, continuing education and developmental education. The college has an average semester enrollment of 21,000 credit students and an average annual enrollment of 16,000 other-than-credit students. San Antonio College is the largest single-campus community college in Texas and one of the largest in the United States.

MISSION STATEMENT

San Antonio College – responsive education through excellence, accessibility and diversity. San Antonio College is a public community college, which provides for and supports the educational and lifelong learning needs of a multicultural community. As a leader in education, San Antonio College is committed to excellence in helping students reach their full potential by developing their academic competencies, critical thinking skills, communication proficiency, civic responsibility and global awareness.

San Antonio College fulfills its mission by offering the following:

- ❖ Transfer education designed to provide students with the first two years of the bachelor's degree.
- ❖ General education courses in the liberal arts and sciences to support all college degree programs.
- ❖ Career preparation provided through a wide range of programs to prepare students for immediate employment.
- ❖ Developmental studies for students needing to bring their basic skills to a level appropriate for college work.
- ❖ Continuing education to offer a variety of training, licensure and professional programs.
- ❖ Academic support services that include a comprehensive learning resource center and basic skills activities that complement instruction.
- ❖ Student support services to provide assessment, advising, counseling, tutoring, financial assistance, and social and cultural activities for all students, including those with special needs.
- ❖ Promotion of cross-cultural understanding and appreciation through instructional and social activities that contribute to cultural awareness and interaction.
- ❖ Involvement of business, industry and professional groups in planning and revising educational programs to meet workforce needs.
- ❖ An environment conducive to learning through an attractive physical campus and wellness-oriented programs and services.
- ❖ Continuous assessment of programs and services and the utilization of results for improvement.
- ❖ Operation of the college within available fiscal resources to provide accountability to taxpayers of the Alamo Community College District.

ACCREDITATION & AFFILIATIONS

San Antonio College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate degrees.

The Mortuary Science Program is accredited by the American Board of Funeral Service Education.

The Dental Assisting Program is accredited by the American Dental Association Commission on Dental Accreditation.

The Medical Assisting Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), on recommendation of the Committee on Accreditation for Medical Assistant Education.

The Department of Nursing is accredited by the National League for Nursing Accrediting Commission.

Students who wish to view the school's accreditation and licensing bodies documentation, may inquire at the reserve desk of the Learning Resource Center in the Moody Learning Center.

DIVISIONS

Arts and Sciences

San Antonio College offers a comprehensive Liberal Arts Curriculum designed to satisfy the requirements of the first two years of a baccalaureate degree. These general and transfer Arts and Science courses are offered by the following areas:

Architecture	Education	Physical Education
Astronomy	Engineering	Physics
Biological Sciences	Foreign Language	Psychology
Business Administration	Government	Radio-Television-Film
Chemistry	History	Reading
Child Development	Humanities	Social Work
Communications	Journalism	Sociology
Computer Science	Mathematics	Speech
Criminal Justice	Music	Theatre
Economics	Philosophy	Visual Arts & Technology
Earth Sciences	Photography	

Occupational and Technical Education

Programs are provided for purposes of job or career entry, career development and change; industry/business start-up and development; transfer to four-year degree programs; and technical services to industry. All of the programs are linked with the employing community through active advisory committees, cooperative or part-time work experience, direct placement and career development activities, as well as the sharing of work-site laboratories and equipment. San Antonio College offers programs in:

Accounting Technology	Legal Assisting Technology
Banking	Labor Studies
Business Management	Medical Assisting Technology
Court Reporting	Mental Health Technology/Drug and Alcohol Abuse Counseling
Child Development	Microcomputer Applications Specialist
Child Care Administration	Mortuary Science
Computer-Aided Drafting and Design	Network Administrator
Computer Help Desk Specialist	Nursing
Computer Programming	Occupational Safety and Health Technology
Criminal Justice	Office Systems Specialist
Database Technician	Operations Management
Dental Assisting Technology	Public Administration
Electronics	Radio-Television-Film Technology
Emergency Medical Services	Real Estate Management
Engineering Technology	Records Management
Financial Management	Teacher Assistant
Fire Science	
Graphic Arts	
Interpreting for the Deaf	

Continuing Education and Workforce Development

Continuing Education provides nontraditional educational opportunities to meet the needs of students and employers in the San Antonio area. Occupational and technical short courses are offered for business, industry, government and professional groups; seminars and workshops are developed to complement and supplement in-house training and staff development programs. These non-traditional courses are developed in collaboration with college faculty and community experts. Other-than-credit courses and activities are offered on campus and throughout the community with dates and times arranged for the convenience of the students. Continuing Education assists departments and divisions by serving as an outreach mechanism for channeling interested students into appropriate credit programs within the college.

Certification programs are offered for managers, secretaries, law enforcement officers, private security guards, emergency medical technicians, pharmacy technicians, real estate agents, insurance agents, executive housekeepers, pest control applicators, payroll professionals and health care personnel. Community service programs include conversational languages, personal development and life skills courses, summer courses for children and planetarium programs for the general public. Parallel and integrated programs include classes in General Education Development (GED) and English as a Second Language skill.

Evening, Weekend and Distance Education

Evening course offerings include regular academic courses leading to college degrees and certificate programs, developmental education courses, and other courses planned to be of community service and vocational interest to adults. Courses are offered if there is sufficient demand. Late afternoon, evening, weekend and distance education classes (off-campus courses and telecourse/Internet/interactive courses) are scheduled for the convenience of students. Dual Credit courses are also offered to students from 12 school districts; and, a "Senior Summer Program" is scheduled specifically for graduating seniors for several of the "Educational Partnership" schools.

Distance Education

The Distance Education Center at San Antonio College provides innovative instructional delivery methods. Affording students access to college through flexible scheduling. Within the framework of college mission and goals, Distance Education works with all academic departments, the local business community and Cities of Seguin, New Braunfels and Kerrville to develop educational responses to newly identified needs.

Traditional courses, as well as telecourses (courses broadcast by television) and Internet courses, are available to students in and out of Bexar County. These innovative instructional delivery methods are used to respond to the nontraditional educational needs within our community. Distance Education offers college courses at area high schools, military bases, USAA, Citicorp, and the cities of Seguin, New Braunfels and Kerrville. Internet courses are available to all local students as well as out-of-state students through on-line registration.

Student Services

Student Services are provided by Admissions and Records, Student Life, Health Services, Bookstore, and Food Service. Student Life includes student organizations, student government, special event programming and recreational sports, such as intramurals and extramural club teams.

Library (Learning Resource Center)

The Library, located in the Moody Learning Center, is a vital technologically advanced center of learning and exploration for students, staff, faculty and the community. Supplementing the book, microfilm and government document collection of approximately 200,000 titles are 3,500 current periodical subscriptions and more than 7,000 videotapes, computer files, and sound recordings.

Informational resources owned by the Library, as well as by the other ACCD college libraries, are listed in the online catalog. The catalog is accessible from the Library's homepage [<http://www.accd.edu/sac/lrc/>], as are additional resources; these include the World Wide Web and numerous databases and indexes, many of which provide the full text to magazine, journal and newspaper articles. The Library provides the use of more than fifty public computer stations where users may access these resources. SAC students, staff, and faculty may also access all web-based databases and indexes off campus through the Library's proxy server.

Also available through the Library's homepage are electronic forms that allow users to request Interlibrary Loan Materials and seek reference assistance through the "Ask a librarian" service. Remote access to the catalog, web-based databases and indexes, Interlibrary Loan, and on-line reference assistance enhances learning opportunities for all Library users, and is vital for Distance Education students.

The Library is equipped with two state-of-the-art electronic classrooms where librarians teach students search strategies and techniques for finding relevant information using print materials, the online catalog and databases, and the World Wide Web. The Audiovisual Center supports classroom instruction and campus activities through its equipment circulation, graphic and photographic services, and AV repair. The Educational Multimedia Center provides a contemporary studio, classroom video recordings, teleconferencing services, an editing station, and the means to broadcast telecourses directly to students' homes.

Through individual and group instruction, Librarians strive to reduce "library anxiety," increase student opportunities for academic success, and ensure that each student becomes an independent and life-long library learner.

INSTITUTIONAL RESOURCES**Instructional Technologies**

The Department of Instructional Technologies was established to coordinate instructional technology initiatives at San Antonio College. The Department provides an official location to centralize information related to campus instructional technologies, faculty and staff training for all academic and administrative units, and Internet course development. It coordinates San Antonio College instructional technology activities with other organizations in the Alamo Community College District and the Virtual College of Texas. The Department of Instructional Technologies serves the college in the following areas:

Instructional Innovation Center

The Instructional Innovation Center provides training and assistance for faculty who want to enhance their instruction with new or innovative teaching techniques and technology. The Center provides a place for faculty to work with state-of-the-art equipment and software as well as obtain assistance and training with innovations such as, classroom presentations using computers and multimedia, computer-assisted instruction, infusion of the Internet and the World Wide Web into classroom assignments, video conferencing, and other techniques to improve learning and instruction. A certification program is provided for instructors who develop courses to be taught fully over the Internet.

The following equipment is available for faculty and staff use in the Instructional Innovation Center: Pentium PC and Macintosh computers with access to the Internet, E-Mail, Advantage Financial Systems, and Student Information Systems. Additional equipment includes color laser and ink jet printers, image and text scanners, laser disk player, CD-ROM and DVD players and recorders, motion video capture card, VCR-TV microphones, LCD projectors, zip and super disk drives, digital cameras, Web cameras, music keyboard, and videoconferencing equipment.

Technology Training Program

The Technology Training Program is provided for the faculty, staff, and administrators of San Antonio College. This program was designed to assist with the achievement of certain college goals and to increase efficiency and effectiveness through the infusion of technology into the college classroom and office settings. This free training is provided by way of monthly scheduled classes and on a walk-in basis.

Multimedia and Presentations:

Microsoft PowerPoint, Macromedia Authorware, Macromedia Director, Adobe Premier Video Capture and Editing, Digital Media techniques, and Rolling Multimedia Unit training for Users and Site Administrators.

Design and Graphics:

Adobe PhotoShop, Adobe PageMaker, Adobe Illustrator, PaintShop Pro, Macromedia Flash, OmniForm, and scanning images and text.

General Computer Operations and applications:

Corel WordPerfect, Microsoft Excel, Microsoft Word, Microsoft Access, Microsoft Outlook, Microsoft Windows, Basic Computer Operations, and Computer File Management and Organization.

Internet and World Wide Web Design:

Netscape Communicator Composer, Macromedia Dreamweaver, DiDa Pro, Microsoft FrontPage, Gif Animator, Eudora E-mail, Preparing Graphics for the Web, Electronic Communications, HTML coding and Editing, Instant Web Page Design, Organizing Web Bookmarks, and Streaming Motion Video for the Web.

Teaching Strategies and Research:

Classroom Research Design, Critical Thinking, Exploring Daedalus, Introduction to Teaching on the Internet, Teaching Skills for the Internet, Systems Issues Related to Teaching on the Internet, and Legal Issues Related to Teaching on the Internet.

Video Training Series:

How to Handle Difficult People, How to Supervise People, Critical Thinking, Exceptional Customer Service, and Teaching Strategies.

Interactive Videoconferencing Training:

Training is provided to faculty on skills needed to teach by way of two-way interactive videoconferencing, or as it is sometimes called, interactive television. When using this medium, students and the instructor at the local site are able to see, hear, and speak with students at the distant sites. The instructor is able to transmit presentations, hard copy documents, and motion video to the students at both locations. The training sessions for faculty include hands-on training with the videoconferencing equipment.

Internet Course Certification Program

At the request of the San Antonio College President and Deans, a certification program was developed to ensure skill attainment of faculty developing Internet courses and a consistent high quality of course materials. Each month courses are offered toward the completion of this certification. Faculty completing all requirements may be awarded a certificate verifying their readiness for developing an Internet-based course or using Internet based resources to support telecourses or instruction in the traditional classroom. To receive certification, faculty must also develop draft Web pages supporting an Internet course, telecourse or traditional classroom course. Certification will be awarded on completion of the courses, after a review of skills and Internet by the Director of Instructional Technologies, Internet Course Coordinator, Director of Distance Education and a committee of the Internet faculty.

Technology Center

The Technology Center provides planning, coordination, installation, and maintenance of campus technology and it provides technical support to all academic and administrative units. The Technology Center provides recommendations for purchasing, equipment setup, installation of hardware and software, implementation of off-campus connectivity, and assists other departments with planning. The Technology Center also supervises the training of new and current technical personnel on the San Antonio College Campus.

Help Desk

The San Antonio College Help Desk functions in connection with the Technology Center in order to provide immediate telephone assistance and trouble shooting for faculty, staff, and students. The Help Desk also develops and provides tutorials to assist the Internet Students.

Data Management Team

The Data Management Team, functioning as part of the Technology Center at San Antonio College provides custom in-house application development. The Data Management Team recommends and produces new solutions as requested by departments, modification and support of existing applications, and incorporates information from legacy systems into meaningful and useful information for department use.

SOURCE: Learning Resource Center

Student Learning Assistance Center

The Student Learning Assistance Center (SLAC) supplements classroom instruction by offering learning strategies that enhance the success potential of traditional students in the college environment. The goal of the SLAC is to enable the Alamo Community College District college students to be independent and resourceful learners by providing learning strategies appropriate to non-traditional students and students with diverse learning styles. SLAC develops independent learners by teaching students how to learn rather than merely giving them quick answers. The learning strategies offered through the SLAC include: Tutoring Services, Computer Services, and Study Skill Services.

The SLAC has several computer programs for student use such as accounting, electronic mail, Foreign Languages tutorial, internet access, Microsoft Office and word processing. The computers are available on a first-come, first-serve basis. On occasion, a teacher will bring a class into the SLAC for a demonstration of a specific software package, which may require several computers to be reserved for the class period.

During the 2000-2001 school year, the SLAC had 65,958 student visits to use computer facilities. Software programs include MS Word, WordPerfect, accounting, spreadsheets, databases, Internet, foreign languages, management, history, psychology, mathematics and chemistry. Over 480 class sessions were held in the SLAC during the year from the faculty of Management, Business Administration, History, Government, Legal Assisting, English, Public Administration, Chemistry, Computer Science, Foreign Languages, ESOL, Nursing, Continuing Education and Distance Education.

STUDENT LEARNING ASSISTANCE CENTER VISITS 2000-2001

Source: Student Learning Assistance Center

TRANSFER**Tech Prep**

San Antonio College is engaged in major technical and professional career preparation by providing continuity of learning and quality educational opportunities for all students. The Tech Prep/Associate Degree program is a significant component of this concept providing educational and career preparation in technical fields to high school students who will be the workforce of the future.

The concept of Tech Prep involves a sequence of knowledge and skills acquisition beginning in elementary school, linked with a guided, integrated high school plan of academic and technical subjects, which connects the student to the community college and the university. Articulation provides the avenue for high schools and community colleges to share a jointly developed competency-based, industry-validated curriculum without duplication or repetition. The Tech Prep curricula in high schools and colleges represent a rigorous body of knowledge and skills that will prepare a better-educated worker with advanced skills and the ability to apply these skills as the world of technology changes.

In collaboration with regional independent school districts, San Antonio College has developed Tech Prep Associate Degree programs in Child Development, Computer-Aided Drafting and Design, Criminal Justice/Law Enforcement, and Electronics. A new Memorandum of Understanding between the U.S. Navy and San Antonio College has been signed allowing high school students to earn articulated credit toward an associate degree in nuclear electronics, advanced electronics and computers.

Transfer Center

In the Transfer Center, students may obtain degree plans, transfer guides for specific majors, and information about local Joint Admissions Agreements. Educational directories, university catalogs and World Wide Web resources are available for student use. Admissions applications and scholarship information are also available. Additionally, the center arranges student appointments for various university admissions representatives. The biannual Transfer Fair provides an opportunity for SAC students to meet with representatives of universities.

2+2 Degree Plans, Articulation Agreements and Joint Admission Agreements: Transferring to Four-Year Institutions

San Antonio College operates in full compliance with the guidelines and policies set forth by the Texas Higher Education Coordinating Board. The **Core Curriculum** established by San Antonio College and provided to SAC students is transferable to any four-year institution. The Texas legislature has mandated that all Texas post-secondary institutions develop a core curriculum in accordance with the guidelines established and approved by the Coordinating Board and that all Texas public four-year institutions must accept the entire core curriculums of any public post-secondary institution as meeting the core curriculum of their institution.

However, it benefits the four-year degree-seeking student to consult the Transfer Center concerning 2+2 degree plans or transfer guides, Joint Admission Agreements and Articulation agreements. Each institution can be unique in discipline requirements and solidly specific in admission requirements. Without a determined degree plan that is compatible with the transfer institution a student may waste time, money and semester hours on courses not applicable to their major field of study. Counselors will clarify policy requirements, academic expectations and institutional characteristics.

2+2 Degree Plans are contractual educational terms that will be honored by a particular transfer institution contingent on academic standards, admission requirements and student performance.

Articulation Agreements are defined and signed agreements between San Antonio College and various institutions concerning the transfer of students. Each agreement is tailored to the academic criteria of the transfer institution.

Joint Admission Agreements are degree plans specific to a particular institution. Courses are determined by the transfer institution.

DISTANCE EDUCATION

2000-2001

HIGHLIGHTS

- Internet registrations increased by 76% in Fall 2000 over Fall 1999: Fall 1999 Internet Registrations---762 Fall 2000 Registrations---1,340
- The Distance Education Center maintained its alliance with area Chambers of Commerce to respond to the educational needs of the business community.
- San Antonio College collaborated with Laredo Community College, Austin Community College, and Coastal Bend Community College to enroll Virtual College of Texas students in SAC courses.
- San Antonio College formally adopted a *Distance Education Statement of Principles* outlining the framework for the college-wide Distance Education Program.
- San Antonio College developed 30 new Internet courses, making the total number of courses available 84----enabling the college to offer a *Going the Distance degree*, and an *Associate of Arts* degree on-line.
- In support of institutional effectiveness measures, Distance Education surveyed students enrolled in telecourses, off-campus courses, and Internet courses. The overall student satisfaction rate for 2000-2001 in the areas of Distance Education instruction and student support services was 95%.
- Distance Education refined its Distance Education website. It incorporated a student *self-assessment* to help students identify if distance education is appropriate for them.
- Distance Education re-established its partnership with the Seguin ISD. SAC opened its office at Seguin High School in April 2001.
- The College's Art History 1303 Internet course received an Academic Excellence Award; Marleen Hoover is the professor and author.

CONTINUING EDUCATION & WORKFORCE DEVELOPMENT 2000-2001 ANNUAL REPORT

HIGHLIGHTS

- Continuing Education enrolled over 15,400 students, reported 416,215 reimbursable contact hours, and recorded 1,036,832 in tuition and fee revenues.
- The Division continued to build its presence on the World Wide Web by expanding on-line course offerings to over 270 sections each semester.
- The Division hosted a group of Funeral Home Directors from Korea to study western style mortuary practices in collaboration with the mortuary science department and local San Antonio businesses.
- The committee formed to spearhead a district wide initiative to automate the course programming processes. The system is now being beta tested on the San Antonio College campus.
- Ruben Torres, Richard White, and Tim Rockey presented at the Texas Administrators of Continuing Education and Junior Colleges annual conference (Apr 18-20, 2001) in Austin, TX.
- Irene Dennis, Program Manager for the Basic Skills & Community Service programs was elected Regional Representative for the TACE South Region.
- The division formed a new partnership with the National American Society for Training and Development (ASTD) to present the ASTD Human Performance Improvement Certificate program.
- SAC CE is the only office authorized to offer the Society of Human Resource Management (SHRM) Learning System: PHR/SPHR Certification Review Course; Fundamentals of Human Resource Management. In addition, the SHRM Professional in Human Resource Management Certificate program is now approved by the USAF for tuition assistance.
- A new partnership was formed with the 37th Training Wing Faculty Development Flight, Lackland Air Force Base, to provide Master Instructor Certification courses: Objectives and Test Development; Instructional System Design (ISD); Trainer Presentation Skills; and the Certified Corporate Trainer Program.
- An articulation agreement was developed for the Leadership & Management Certificate program, HR Generalist, Corporate Trainer program, to be given semester credit at Wayland Baptist University towards an undergraduate degree.
- Richard White represented SAC CE on the ASTD Training Organization of the year selection committee.
- The Planetarium launched a new "Discovery Series" as part of their new marketing campaign.
- The division built a new lab in the Law Enforcement Training Center Annex to access distance education programs in Law Enforcement topics.
- The Human Resource Developers Institute continues to promote professional development needs of the local business community.
- Graduates from the Spring Basic Peace Officers Course distinguished themselves with a 100% pass rate on the State Licensing Exam.
- The Division provided Type I contact hours for 897 participants who attended the Texas Association of School Nurses Conference.
- SAC-CE joined forces with the Women's Center in assuming responsibility for a self-sufficiency grant totaling \$300,000. Under this agreement, CE will provide 132 hours of Medical Office Training.
- The Division assembled an Advisory Committee of High School Counselors and Administrators to facilitate the marketing of continuing education classes to non-college bound high school graduates.

CONTRACTS

- The division cultivated 35 contract training opportunities that generated over \$123,590 in revenue. There were a total of 201 sections taught with 3,115 students participating.
- The Law Enforcement Academy acquired a new contract to deliver security training to 93 security officers at USAA.
