COVID Update

- It has been over a year since we transitioned to remote work and learning, and during that time we have maintained a commitment to safety and student success. Our plans have evolved to meet the emerging needs in our community and our commitments to student access and success.
- We've begun returning to work on site in a carefully phased transition plan in order to serve students in the best way possible, while also ensuring a safe return to on-site work for everyone.
- Updated Return to Campus Plans for Summer and Fall are as follows:

 - Fall 2021: Plan for Level 1 up to 75% occupancy– effective August 16, 2021
- These effective dates are provided to allow for increased support personnel on-site, to assist students with enrollment and registration for classes in the upcoming semesters. Detailed plans may include staffing services at various levels in each department to ensure adequate student and academic support.
