

Application Process

Applications for the Respiratory Care Technology Program are accepted between September 1st and June 1st of each year. Those students submitting a complete application on or before the deadline date (June 1st) will be given priority for acceptance. Students submitting an application on or before deadline date but requiring additional semester(s) (Spring/Summer) to complete prerequisite course(s) cannot be guaranteed acceptance if enrollment capacity is met prior to completion of their prerequisite course(s).

A Complete Application Must Include:

- Respiratory Care Technology Application
- Official Transcripts for all college courses
- Essay on "Why I Have Chosen the Respiratory Care Profession"
- [TEAS Exam scores](#)

Please mail complete application to:
